The background features a complex, abstract geometric pattern of thin white lines. These lines intersect at various points, creating a series of overlapping triangles and polygons of different sizes and orientations. The overall effect is a dynamic, crystalline structure that fills the dark gray space.

More than Gifts

The Annual Catalogue 2019

A dimly lit office desk with a chair, a desk lamp, a telephone, and a laptop.

QUALITY COMMITMENT

Our team works tirelessly to deliver products of the highest quality in a sustainable way and the most competitive cost. The More Gifts products are assessed carefully and comply with EU safety, health and environmental requirements. Quality assurance tests have been performed and all relevant test reports are available and are not older than 3 years.

Whether quality promotional products are used to complement an advertising campaign, reward staff or show appreciation to valued clients, their impact goes far beyond the actual items themselves. Through the simple gesture of giving, an incredible energy is generated, one that engenders a closer, more personal connection between the giver and the recipient.

We understand how important building relationships is for any successful business. In fact it is the way we build and continue to build, our own business. Because when you give, you often find you get so much more in return.

COLUMBUS PAPER CLIP HOLDER

A matter of course On the way to new shores, falling: yes, never lie down. Instead, come up with something - that's the EI OF COLUMBUS. The tireless egg with a stand-up manikin, magnet and 20 paperclips. Egg of Columbus What we could have done is not counting what we did is important. This illustrated Columbus to his envious people, who thought anyone could have discovered America. They were supposed to put a boiled egg on the top and after no one made it, he struck the egg and put it down. Sometimes discovering or creating something new is not difficult. Often, only a portion of courage is needed to break away from the old and tackle challenges differently than usual.
